## The Coriolis Courses in Detail

*Beyond skills: The Character Advantage. Strong character fosters stronger teams, better results, and brighter careers.*

**Course Title:** The Character Advantage: Building Success Through Integrity

**Duration:** 3.5 hours

**Target Audience:** Professionals at all levels

**Overall Goal:** To introduce participants to the concept of good character as a valuable professional asset and provide practical insights into its benefits and cultivation.

**Underpinning Model:** Social Cognitive Theory (SCT)

**Learning Objectives:** By the end of this course, participants will be able to:

- Define 3-4 key elements of good character relevant to their professional lives.
- Understand at least two ways good character positively impacts workplace dynamics.
- Identify one potential negative consequence of poor character in a professional setting.
- Recognise at least one practical strategy for consciously demonstrating good character at work.

**Course Title:** The Character Advantage: Building Success Through Integrity

**Duration:** 7 hours

**Target Audience:** Professionals at all levels

**Overall Goal:** To equip participants with a clear understanding of how good character traits translate into tangible professional benefits and to inspire them to cultivate these qualities in their daily work.

**Underpinning Model:** Social Cognitive Theory (SCT)

**Learning Objectives:** By the end of this course, participants will be able to:

- Define key elements of good character in a professional context.
- Understand the direct link between good character and trust, respect, and credibility.
- Identify how specific character traits (e.g., honesty, empathy, responsibility) impact workplace dynamics and outcomes.
- Recognise the negative consequences of poor character in a professional setting.
- Develop practical strategies for cultivating and demonstrating good character in their daily work.
- Understand how good character contributes to long-term career success and organisational reputation.

*Transform your  
team with the power  
of effective dynamics*

**Course Title:** Team Dynamics

**Duration:** 3.5 hours

**Target Audience:** Team members, new team leaders, individuals interested in understanding the fundamental elements of effective teams.

**Overall Goal:** To provide participants with a foundational understanding of team dynamics and equip them with practical strategies for improving communication and collaboration within their teams.

**Underpinning Academic Model:** Hackman's Model of Team Effectiveness.

**Learning Objectives:** By the end of this course, participants will be able to:

- Understand the six enabling conditions of Hackman's Model of Team Effectiveness.
- Identify the importance of a "Real Team" with clear boundaries and interdependence.
- Recognise the impact of a "Compelling Purpose" on team motivation and direction.
- Appreciate the significance of having the "Right People" with necessary skills and mindsets.
- Gain a foundational understanding of "Sound Structure" in terms of task design and norms.

**Course Title:** Team Dynamics

**Course Duration:** 7 hours

**Target Audience:** Team leaders, project managers, experienced team members looking to deepen their understanding and application of team effectiveness principles.

**Overall Goal:** To enable participants to cultivate high-performing teams by developing advanced skills in communication, conflict resolution, trust-building, and team process optimisation, leading to enhanced collaboration and overall team effectiveness.

**Under Pinning Academic Model:** Hackman's Model of Team Effectiveness.

**Learning Objectives:** By the end of this course, participants will be able to:

- Comprehensively understand and apply all six enabling conditions of Hackman's Model of Team Effectiveness.
- Diagnose the strengths and weaknesses of their own teams based on Hackman's framework.
- Develop strategies for creating a "Real Team" with clear boundaries and shared identity.
- Articulate and reinforce a "Compelling Purpose" that motivates and aligns team members.
- Understand how to select and develop the "Right People" for optimal team performance.
- Design "Sound Structure" with effective task design, roles, and norms.
- Create a "Supportive Context" that fosters collaboration and provides necessary resources.
- Implement effective "Team Coaching" strategies to guide and develop their teams.
- Develop an action plan for improving the effectiveness of a specific team.
